Of Special Interest This Week

+ COMSAT Corporation has been selected as the contractor for the INTERNET project to represent FBIS in applying for a satellite transponder lease and to work with British Telecom Inc. and the Panamanian PTT to establish ground terminals and communications to the FBIS London and Panama bureaus. Contractor responsibility for the U.S. terminal remains to be decided. COMSAT has reserved a transponder and will present the FBIS case to the Intelsat Board of Governors. Assuming full approval in September, construction of ground terminals at the London and Panama bureaus will begin on 1 October 1985 with activation of Phase I of the INTERNET project on 1 October 1986. ☐
